19-20 November, Roma

**YOUNG
BEEF
PRODUCERS'
FORUM**

**Future Farmers
Network**

WHAT IS THE YOUNG BEEF PRODUCERS' FORUM?

The Young Beef Producers' Forum (YBPF) is Australia's leading national education and networking event for the next generation of the beef industry. Entering its 22nd year in 2026, YBPF has built a strong reputation for developing capable, connected, and commercially minded industry leaders.

Each year, the forum attracts 250+ delegates from across the Australian beef supply chain—spanning producers, processors, advisors, agribusiness professionals and service providers—creating a highly engaged and relevant audience for industry partners.

SPONSOR VALUE & AUDIENCE REACH

As a partner, you will have an opportunity to target passionate, forward-thinking young industry leaders all with a career, focus, or interest in Australian beef and agriculture.

YBPF is fully funded through industry support, ensuring sponsor contributions directly enable high-quality speakers, property tours, workshops and networking experiences—delivering meaningful brand exposure and genuine engagement.

DELIVERED IN PARTNERSHIP WITH FUTURE FARMERS NETWORK

YBPF is proudly delivered in partnership with Future Farmers Network (FFN)—Australia's only independent, national organisation focused on empowering and retaining young people in agriculture. FFN's under-35 board and nationwide membership provide strong industry credibility and alignment with sponsors seeking to support leadership development, workforce sustainability and the future of Australian agriculture.
